HAROLD CORFE.——M. HOFFSTETTER, charged with horse-stealing in Arkansas, was yesterday before the court of general sessions of interest; "The Cairo and Columbus packet, Courier, is now making daily trips, in connection with the Mobile and Ohio Railroad, leaving upon the arrival of the morning train of the Illinois Central, and leaving Columbus upon the arrival of the evening train of the Mobile and Ohio. The Courier is not expected to reach New Orleans before the 1st of January." This train, but is a east little pocket, making fast time, and well do for the present.

Yesterdays. — In the course of time, perhaps within three months, the Company expects to have a larger and finer craft. At present the road is not prepared for a very extensive business, and does not look like being so for some time to come. The steamer will be used to transport the cotton, and the passenger, it is hoped, will be more interested in the steamer, and the public are earnestly invited to give a liberal attendance.

WE invite attention to the advertisement of Portable Steam Engines and Portable Steam Saw Mills, to be found in to-day's *Advertiser*. Speaking of these mills, the Paris (Tenn.) Sentinel says:

"One of Blundell's Portable Steam Saw Mills has just come to town, and is said to cut from six to ten thousand feet of lumber per day. It is superior to any engine or saw mill ever made in this country, and we doubt if it has any superior. The one now in operation in this country has given entire satisfaction to the owners."

TAN EXEMPTION.——The clause in the city ordinances on which the discussion in Council turned, on Thursday night, is the following: It is the second section of the Revenue Ordinance, page 159 of the digest of the city ordinances:

"The following property shall be exempted from taxation, to-wit: Churches and church property; lots held and owned for the use of schools, and used as such and for no other purpose; court houses, jails, and other public buildings; streets, alleys, graveyards, and other public grounds; slaves under twelve and over fifty years of age; jewelry kept by jewelers and manufacturers for sale; and all stock and other property owned by the State, or by religious, charitable institutions."

Mosses' Corfe.——The great flood through Southern came through last night from Cairo over the U. S. Mail and Railroad packet, Courier, to Columbus and Mobile, and Ohio and Mississippi Central, and East Tennessee Railroad to Grand Junction. The water took about 10 feet at half past eight last night, the Illinois Central, being one hour and forty minutes behind time, nevertheless our swift packet flew down in about an hour and made the connection in spite of the delay, the cars arriving on time at the Junction, and putting our passengers through to Memphis in twenty-four or eight hours from St. Louis, Cincinnati, Chicago, and New Orleans.

Very respectfully yours, L.

Fox in Council.——The Recorder's Court is an office for raising money for corporation purposes, by means of fines on a state fiscal, mischievous and vicious practices. At times, the institution pays well, and is, on the whole, a profitable investment for the city.
